

COVID-19 Responses Incheon Daily Report

Friday, 8 May 2020 (as of 09:00)

The danger of COVID-19 still exists.

Please actively participate in the 'Distancing in Daily Life' campaign.

New Information

• (6 May) Regarding the new confirmed case who visited clubs in Itaewon, Seoul.

☞ (Late night to early morning of 7-8 May) All 8 Incheon citizens who voluntarily reported to have visited the above clubs tested 'negative'

* 1 contact of the confirmed case, 6 other club visitors, 1 contact of the visitor

☞ No Incheon citizen is included in the 43 workplace contacts of the confirmed case of Yongin who are required to be under self-quarantine

- (Morning of 8 May) 1 new confirmed case who visited clubs in Itaewon

* living in Bupyeong-gu, Seoul's tally

* Tested at screening clinic of Gwanak-gu Public Health Center, Seoul)

* Urgently transferred to the Incheon Medical Center with the person's contacts (3 family members) having tested

✂ If you visited clubs in Itaewon on 2 May such as King Club (00:00-03:30), Trunk (01:00-01:40), and Queen (03:30-03:50), please visit the nearest public health center.

• Preemptive testing for high-risk groups continues to prepare for any resurgence of COVID-19

- about 500 tests a day

• 'Free Outreach Check-up Service' for those in the blind spots of healthcare services

- For foreign workers, homeless persons, Jjok-bang (dosshouse) residents, etc.

- Visited by a Testing team (medical professional, civil servant, driver, interpreter)

-
